## MESSAGE

Statistical trackings of educational progress have undoubtedly influenced the development, planning and policy formulation in India. However regional disparities in the schooling system in India make the comparability of education status complicated across the States vis-à-vis Developing Countries. Thus, Education Statistics come with caveats which must be considered when making interpretation of data.

2. The publication titled 'Selected Information on School Education' brings out the inter-state disparities to the fore by highlighting the scope of standardisation of few priority areas/indicators in education sector. It makes aware of State-wise information on school calendar, age-grade norms, structure of different levels, number of working days, medium of instructions etc. The present publication relates to the year 2015-16 and has been prepared on the basis of information provided by the School Education Department in different State/UTs.

3. I congratulate the team of officers of the Statistics Division, Dept. of School Education & Literacy for bringing out this publication. I look forward to the comments of all users of this publication which would help us in adding value to its subsequent edition.

## PREFACE

This book titled 'Selected Information on School Education' pragmatically excavates the inter-state differences in the schooling system in India. It is aimed at drawing the attention towards the need for standardisation of different aspects of Indian school education to bring uniformity in definitions and concepts of educational indicators.

In undertaking the compilation of this current year publication, we have subjected it to a thorough revision by adopting analytical approach using technical tools like correlation, performance assessment for ranking of States/UTs etc. Special emphasis has been laid on reviewing the schemes introduced exclusively by the States/UTs to find how the younger generation is inching towards a new digital era. With the addition of new topics and restructuring of its previous edition, altogether a new book is being presented to the reader.

I wish to place on record my sincere appreciation for the good work done by the team of officers of the Statistics Division of the Ministry of Human Resource Development in bringing out this report. Suggestions for improvement of the book will be highly appreciated and will be duly acknowledged.

(R. Savithri)

Deputy Director General (SE&L)

## OVERVIEW

The Right of children to Free and Compulsory Education (RTE) Act, 2009 envisages a unified National System of education to bring about uniformity. However, in an inequitable & diverse country such as ours, the schooling system varies widely in terms of school calendar, age-grade norms, structure of different levels, number of working days, medium of instructions, syllabus etc. This publication brings out such inter-state disparities to the fore by highlighting the scope of standardisation of few priority areas/indicators in education sector. **The information presented in this document is provided by the State/UTs. Although the response rate was 100%, the performances of the State/UTs were not similar in terms of maintaining time and quality to provide information. A ranking exercise had been attempted by this office by collating information about timeliness and quality of data maintained by the State/UTs in data supplying in regard to the indicators pertaining to this Publication (Appendix - I). Maharashtra topped the list followed by Haryana.**

This publication structurally contains eight Statements and three Appendices. The first Statement (**Statement-I**) reveals the structure of the level of Primary education in 36 Indian State/UTs. As per the Indian Standard Classification of Education (InSCED) brought out by M/o HRD, the structure of Primary education level would be from Grade-I to Grade-V; however, there is a little variation in the adaptation of this classification by few States like **Goa, Kerala, Mizoram and West Bengal**; The structure of Secondary Education level in Kerala and Odisha is different from InSCED where Grade VIII is included at this level.

The official minimum age for admission to Grade-I varies from State to State. As shown in the **Statement-II**, the age ranges from 5 to 6+ (years). The RTE Act, 2009 states free and compulsory education for every child of the age 6 to 14 years at elementary level (Grade – I to VIII). Thus as per this Act, minimum **age for admission to Grade-I must be 6+ (years)**. Deviation from the RTE norms is resulting in a significant number of underage enrolments at the Primary level. Excavating the data provided by National University of Educational Planning and Administration (NUEPA), it was found that as much as about 6.53% (**Appendix-III**) of under-aged children are getting enrolled at Primary level in Indian schools. This fact along with the different syllabi and examination pattern followed in different States (**Statement VI**) results in unequal access to young people to join Indian workforce.

India has as many as 22 officially recognised languages. Out of these, 18 languages are being used as medium of instruction by the schools in different State/UTs (**Statement-III**). The remaining 4 languages are Sanskrit, Sindhi, Bodo and Maithili which are not being used in any State. **To address the challenges faced by the tribal students, States like Jharkhand and Odisha have adopted few tribal languages as a medium of instruction for the schools in their tribal dominated districts.**

At Grade-I, English is being taught as a compulsory subject in all State/UTs except Assam, Gujarat and Odisha whereas Hindi is compulsory only in 17 State/UTs (**Statement-IV**). The thematic maps (Figure - 1 & 2) show that Hindi is being taught as a compulsory subject at Grade I mainly in North & Central India but English is being taught almost all over the country. Thus English contributes to the cohesiveness of Indian education system by linking North, North-East and South India.

**Figure - 1**

**State/UTs with Hindi as a compulsory subject at Grade - I**

- Hindi as a compulsory subject at Grade - I

**Figure - 2**

**State/UTs with English as a compulsory subject at Grade - I**

- English as a compulsory subject at Grade - I

(Based on Information in Statement -IV)

**Statement-V** furnishes the calendar months of school academic year in different State/UTs (Figure 3). While in most of the north-eastern states the school year begins in January or February, the southern and western states begin their school year in June. Here point to be noted that September 30 is the reference date of the Statistics Division, M/o HRD to collect information on different educational parameters.

Sl. No.	States	Duration of Academic Session

36	West Bengal	Jan	Feb	Mar	Apr	May	Jun	Jul	Aug	Sep	Oct	Nov	Dec

Figure - 3

(Based on Information in Statement – V)

**Statement VII** reveals that the duration of Class sessions per week for a Full-time teacher within the country varies widely across the States and UTs. As reported by the State/UTs, **the duration is highest in Bihar where a Full-time teacher at primary level teaches 45 hours per week**. The high value of rank correlation (Appendix-II) between the duration of class-session and Pupil-Teacher Ratio(PTR) indicates that these two variables move well together; the higher value of PTR, the longer is the duration of class sessions for full-time teacher (and vice versa - Figure 4) which, in turn, indicates acute staff shortage in schools. Rationalisation of teachers using local transfer may improve equity in access to teacher to a little extent – though it cannot be a long term solution.

(Based on Information in Appendix – II)

Before 1976, education was the exclusive responsibility of the States. The Constitutional Amendment of 1976 included Education in the Concurrent List. Apart from the sharing of administrative and financial responsibilities with the Union Government, the States launched few notable schemes/programmes according to their needs. **Statement VIII** provides a brief narrative of the major schemes introduced by the State/UTs; the most striking of which is the adoption of digital application and smart devices in schools. As much as **about 5 State/UTs (A&N Island, Andhra Pradesh, Meghalaya, Punjab & Telangana)** have introduced **exclusive schemes to educating their students with the help of apps, e-books, digital classrooms and online courses** (Figure-5).

**Figure - 5****State/UTs introduced Digital Learning Schemes****Figure - 6****Infrastructure availability of State/UTs introduced Digital Schemes in the field of School Education**

Sl. No.	States/UTs introduced exclusive Digital Schemes	%age of schools having Electricity and Computers : 2015-16
1	Andaman & Nicobar Island	56.59
2	Andhra Pradesh	28.9
3	Meghalaya	7.64
4	Punjab	52.59
5	Telangana	33.68

(Based on Information in Statement – VIII/VIII-A)

(Source: U-DISE, 2015-16)

However, excavating U-DISE data we embraced a contrasting scenario in terms of infrastructure requirement of these State/UTs – out of these 5 State/UTs implementing digital schemes for students, 3 State/UTs viz. Andhra Pradesh, Meghalaya and Telangana are still in desperate need of infrastructure to assimilate e – learning (Figure -6).

## Statement-VIII-A: Details of the major Schemes introduced by the States/UTs to increase access, equity, inclusion & quality

### **ANDHRA PRADESH**

#### **1) Pratibha Awards – 2016**

Government of Andhra Pradesh have decided to organise the State Level Function on the Eve of Birthday of Dr. A.P.J. Abdul Kalam, Former President of India to honour the Pratibha Awardees to the meritorious student in 10<sup>th</sup> class every year 15<sup>th</sup> October.

Accordingly, Pratibha Award Function has been conducted at Indira Gandhi Municipal Stadium, Vijayawada, and Krishna District on 15.10.2016 in a benefiting manner to facilitate to meritorious students of SSC Examination – 2016.

- a) The Government of Andhra Pradesh issued revised guidelines to conduct Pratibha Award Function for meritorious students every year.
- b) From each mandals 6 students would be given Pratibha Awards for their merit in Class-X, one each for BC, SC, ST, one for the Girl student and two for OBC students
- c) Accordingly, 4005 students were selected in SSC Examination – 2016 for Pratibha Awards Scholarship.
- d) Out of 4005 students, 2600(64.92%) Girl students and 1405(35.08%) Boy students were selected for Pratibha Award.
- e) Each Pratibha Awardee would be given cash prize @ Rs.20,000/- along with Merit Certificate and a Gold Coated Copper Medal.

#### **2) Supply of Bicycles To Class IX Students Scheme: Badikosta**

Government of Andhra Pradesh have introduced the Scheme 'Badikosta' with an objective to minimise dropout rate and to increase enrolment especially among girl students. Under this scheme it is proposed to supply bicycles to girl students of Class IX, studying in the schools under the Government/Zilla Parishad/Municipal/Aided/Model managements.

The Tender notification was issued on 01-10-2016 for supply of bicycles to 181555 (1.82 lacks) class-IX girl students.

#### **3) Digital Class Rooms**

In regard to digital classrooms in Andhra Pradesh, it helps teachers to provide greater clarity in concepts. The State government is actively involved in training its teachers to adapt to the style of teaching conducive to digital classrooms.

Digital Classroom is teacher-led education content solution that intensely improves learning outcomes in schools. The program supplements the existing Board curriculum in both English and Telugu medium to make the learning experience in classrooms exciting, meaningful and enjoyable – translating into better learning and results for students, teachers and the school.

It is proposed to provide digital classrooms in 5000 schools during 2016-17 and 2017-18. In 1638 schools the Digital class rooms have been started. Towards this goal of promoting Digital Classrooms Government of Andhra Pradesh has allotted Rs 45 crores for purchase of equipment in Government Schools during 2016-17. In other schools where no ICT labs exist, the digital classroom equipment will be supplied under State Government allotted funds. NRI/CSR support is also being pursued to mobilise additional resources for this project @70:30 ratios.

The Digital content will be made available both in online as well as off line mode for the teachers and the students. The State Resource Group members, members of different subject teacher forums and external experts, would evaluate and upload the digital content from different sources.

**APEX:** APEX initiative is an online initiative which consists of all subjects' forum, online courses for teachers, Repository (Providing e-content) and Research. All these services would be given to the teachers and students from a single platform.

## ARUNACHAL PRADESH

- 1) **Excellent Teacher Award:** 15( Fifteen) no. of teachers are being nominated every year on the basis of their contribution on quality teaching learning in the field of education from the Elementary and Secondary Education.

## ASSAM

- 1) **Ananda Ram Barooah Award:** The Ananda Ram Barooah Award Scheme was launched by the Govt. of Assam in the year 2005 with the sole aim of enhancing healthy competition amongst the student community and to help them to enrich their perception through up-to-date knowledge and information with the help of IT education. The Government of Assam has been conferring the prestigious Ananda Ram Barooah Award with citation in the form of a Certificate alongwith a personal computer (PC) to honour the meritorious students securing First Division in the High School Leaving Certificate (HSLC), High Madrassa and Faizul Maarif (F.M.) Examinations conducted by Board of Secondary Education, Assam (SEBA) and State Madrassa Education Board, Assam.
- 2) **Chief Minister's Special Award Scheme:** Under the scheme, a Netbook computer and a certificate would be provided to all eligible students in Assam. Cash option in lieu of the Netbook is also available.

**BIHAR**

- 1) **Mukhyamantri Poshak Yojna (Class I-II)**: Under this Scheme, all boys of General Category who are not covered under SSA are provided Rs. 400/-
- 2) **Mukhyamantri Balika Poshak Yojna (Class III-V)**: Under this Scheme, all students of General Category who are not covered under SSA are provided Rs. 500/- ; Rs.100/- per child for all those boys and girls of class III to V who are covered under SSA.
- 3) **Mukhyamantri Balika Poshak Yojna (Class VI-VIII)**: Under this Scheme, each of the students at upper primary level of General Category who are not covered under SSA are provided Rs. 700/- ; Rs.300/- are provided per student at upper primary level who are covered under SSA.

**CHHATTISGARH**

- 1) **Saraswati Nishulk Cycle Vitaran Yojana**: Girls studying in Class 9 of all Government and Government aided schools are provided free bicycles.
- 2) **Nishulk Pathya Pustak(Text Books) Vitaran yojana**: Text books are provided to all Government and private Chhattisgarh Board students upto class 10.
- 3) **Nishulk Ganvesh (Uniform) Vitaran Yojana**: All class 1 to 8 students studying in Government Schools are provided uniforms in two sets
- 4) **Kanya Saksharata Protshah Yojana**: The main purpose of this scheme is to encourage girls for education through financial assistance and it also helps to reduce school dropout ratio in the State. In this scheme, the government provided financial assistance to the girls for their education. A girl who passed class 5<sup>th</sup> / 8<sup>th</sup> / 10<sup>th</sup> Board exams and got regular admission in the next class is awarded an amount of **Rs.500, Rs. 1000 and Rs. 3000** respectively.

**DADRA & NAGAR HAVELI****1) UDAAN (Free Laptop Scheme for Students)**

It was proposed to implement the scheme of free Laptop distribution in the UT of Dadra & Nagar Haveli for the students of Secondary, Higher Secondary & Higher Educational Institutes (Government Colleges and Polytechnics). The scheme covered students of Govt. Colleges in both the UTs in phased manner.

The free Laptop scheme benefited the students of the UT. The computer literate community can utilize the necessary skills for better employability and get higher education in relevant field.

**2) Saraswati Vidya Yojana**

A new umbrella scheme for providing incentives to the girl students for motivation and promotion of School Education as well as higher education without burdening the family financial resources. This Umbrella scheme "Saraswati Vidya Yojana", consists the following sub schemes/components:

- i. Free education to all girls' upto Post Graduate level.
- ii. Scholarship to all girls from Class IX onwards.
- iii. Incentives to girl's students fee re-imbursement for all Certificate/Diploma/ Graduation and Post Graduation level.
- iv. Providing free insurance to the family of girls students under "Sanjeevani Beema Yojana" of U.T. Administration.
- v. "Saraswati Sadhna" - free bicycles to all girls of class VIII and inclusive of all girls IX, X, XI and XII, who have not got bicycle in VIII class under existing scheme, in the U.T. of D&N.H.

Under the "Saraswati VidyaYojana" all the girls students are eligible to avail the benefit irrespective of their social and economic status. However, each component of the umbrella scheme would be having some eligibility criteria related to educational and residential status as per the benefits mentioned in the scheme component.

#### DAMAN & DIU

- 1) **Saraswati Vidya Yojana:** Reimbursement of Board Exam fees of all girls' students of Government & Government aided schools is one of the components of Saraswati Vidya Yojana.
- 2) **Swasthiya Bhima Yojna:** Free health insurance for girl students (along with four (04) family members) of Government & Government aided Schools.

#### GOA

**Cyberage Students Scheme:** The Directorate of Education, Goa is implementing the Cyberage Students Scheme as announced by the Government of Goa, wherein Laptops would be provided to the students studying in Class XI & XII.

#### Himachal Pradesh

- 1) **Mahatma Gandhi Vardi Yojana:** Under this scheme two sets of uniform are being provided for class 1<sup>st</sup> to 10<sup>th</sup> with Rs.200/- as stitching charges per year. For the year 2016-17, about 7, 09,497, students (Classes 1<sup>st</sup> to 10<sup>th</sup>) were benefited. The State Government has made a budget provision for Rs. 2201.00 lakh in the State budget for the Financial Year 2016-17 for Elementary Education Department under "Mahatma Gandhi Vardi Yojna.
- 2) **Net Books/Laptops under Rajiv Gandhi Digital Student Yojana:** Under this scheme launched by Government of Himachal Pradesh, laptops/net books were distributed to the meritorious students of classes 10th and 12th who passed out from the HP Board of School Education.

- 3) **Dr. Ambedkar Medhabi Chhatravriti Yojana:** This Scheme aims at recognizing and promoting quality education among students belonging to SC and OBC category, by providing financial support. To encourage the merit among Scheduled Castes and Backward Classes students a scheme namely “Dr. Ambedkar Medhabi Chattervriti Yojana” was launched by the Education department of Himachal Pradesh. This scholarship is for class 11<sup>th</sup> and 12<sup>th</sup>.
- 4) **Swami Vivekanand Utkrisht Chhatravriti Yojana:** The Government of Himachal Pradesh for the enhancement of the education of the students from the General Class sections of the society have introduced the fee incentive Scheme for all the students who have successfully completed the Secondary level and wanted to pursue higher education of class 11<sup>th</sup> and 12<sup>th</sup>. Swami Vivekanand Utkrisht Chattervriti is given to top 2000 meritorious students of General category declared as such in the result of Secondary Examination conducted by the H.P. Board of School Education.
- 5) **Thakur Sen Negi Chhatravriti Yojana:** Thakur Sen Negi Chhatervriti Yojna is awarded to top 100 Girl students and top 100 Boy students belonging to the Schedule Tribe Community of HP, declared as such in the result of Secondary Examination conducted by the H.P. Board of School Education
- 6) **Maharishi Valmiki Chhatravriti Yojana:** The scholarship under this scheme is awarded to the bonafide Himachali Girl Students (at under graduate level) belonging to Balmiki Families, engaged in unclean occupation.
- 7) **Kalpana Chawla Chhatravriti Yojana:** This is a new scholarship scheme sponsored by State Government. It started during the year 2012-13. Under this Scheme each of the top 2000 meritorious girl students from Science, Arts and Commerce streams would be given Rs 15000/- per year.
- 8) **Mukhyamantri Protsahana Yojana:** This Yojana is sponsored by State Government and being implemented since 2012-13 for all those students of the State who are selected and taken admission for a degree course in Indian Institute of Technology (IITs) or All India Institute of Medical Sciences (AIIMS) or a Post Graduate Diploma Course in Indian Institute of Management (IIMs). One time Award of Rs 31000/-{Thirty one thousand only} is given to all these students.
- 9) **Mukhyamantri Gyandeep Yojana:** Under the Mukhya Mantri Gyandeep Yojana, the State Government would provide interest subvention of 4 percent to all Himachali Students availing education loan upto Rs 10 lakh. The State Government has launched the new loan scheme in order to encourage deserving and meritorious students pursuing professional/technical courses in higher education in recognised institution in the country.

## JAMMU & KASHMIR (Jammu Division)

**Beti Anmol:** The State sponsored scheme Beti Anmol was launched in the year 2011-12. Under this scheme the girl students who pass secondary examination and get themselves enrolled in the 11<sup>th</sup> class, would be given incentive of Rs. 5000/- in the form of Bank deposit, which would be encashable on passing their higher secondary studies.

This scheme applied in the 97 Educationally Backward Block for the girl students belonging to Below Poverty Line (BPL) families.

## JHARKHAND

**Vidya Laxmi Yojana:** As per the scheme, all the SC/ST students studying in class-VI would get Rs. 26000/- in their account, which could be withdrawn only when they would be promoted to class VIII.

## LAKSHADWEEP

### **Concessions and Educational Tour Of Students**

The entire ethnic population of Lakshadweep is classified as Schedule Tribe. Education is free to all levels. The ST students are enrolled in colleges of other institutions in mainland. If attached hostels are available with the institution accommodation is provided to them. Hostel dues are met by the Lakshadweep administration. In case of non-availability of Hostel facilities with the institution Scholarship is paid to the students. Day scholars of VIII to XII are also paid scholarship. The students from Standard I to VII are provided with Mid-Day meals. Textbooks, writing materials, stationery etc. are given to the students in the schools free of cost. The students of standard VIII and XI are taken on an annual educational tour to expose them to the culture and diversities of the various states on the mainland.

## Madhya Pradesh

**Super 100 Scheme:** The state government has issued directives to all District Education Officers regarding implementation of Super-100 programme during academic session 2015-16. Directives have been given to invite 4 out of 6 students (2 each in science and maths) selected on the basis of results of secondary exam in every district and to get them admitted in class XI in Bhopal's Subhash School of Excellence. Similarly, 2 students (commerce) would be admitted in Indore's Government Higher Secondary School, Malhar Ashram. Administration would ensure students' boarding, food, teaching and training arrangements. These students would also be imparted special coaching for 2 years for engineering, medical and chartered accountant.

## MAHARASHTRA

**Pragat Shaikshanik Maharashtra (PSM):** The Government of Maharashtra initiated 'Pragat Shaikshanik Maharashtra' programme from the academic year 2015-16. This programme aims at:

- Designing various educational Achievement Tests (Shaikshanik Pragati Chachani) and testing whether each student has achieved age-appropriate competencies or not.
- Subsequent planning remedial programmes and action plans to assist students and teachers as needed.

PSM believes that every child is capable of learning .PSM has introduced several methods to enable teachers to change the nature of classroom interactions, to make them child-friendly and to promote self-learning. Accordingly teacher's role has changed. The teacher is not expected to teach, but to facilitate learning and enable every child to learn at her/his pace. PSM has begun a promising journey, Building on the positive results in the first year, it is now all set to intensify the process and widen its scope.

## MEGHALAYA

### **1) Supporting Human Capital Development in Meghalaya**

One of the major initiatives of the Govt. of Meghalaya is the "Supporting Human Capital Development in Meghalaya", of which a major input is the upgradation of 117 Govt. aided secondary/ higher secondary school including renovation of existing building and construction of new classrooms, toilets, ICT/ computer lab, library, activity rooms etc.

In-service teachers training programme on large scale with recourses driven globally and national inputs.

The skill development for the youth is also a major component of this project. The project is in collaboration with the Asian Development Bank.

### **2) Meghalaya School Improvement Programme**

The school improvement programme of the Department of Education is a learner centred plan aimed primarily at improving the learning environment and learning outcomes of students. It is a blueprint for school's progress towards its goals. It focuses on improving students achievements through continuous comprehensive assessment as well as on the felt needs of the school that lie beyond the realm of assessment; for example, improving students attendance, reducing the number of drop outs, strengthening the physical environment etc. It gives schools an opportunity to focus on long term goals, formulate need based objectives, plans, and actions to improve all facets of the school life.

The programme will form a key component under the collaborative venture with Asian Development Bank and the Education Department, Government of Meghalaya.

### **3) Teacher Information Management System:**

Education Department is implementing Teacher Information Management System (TIMS), which is a web based application which will have complete and authenticated data for all teachers. Some of the features of TIMS are accurate, secure and authenticated online data repository for teacher information pertaining to teachers' service records, skill, training, appointment, transfer, promotion and retirement etc faster decision making and approval cycles through automated workflow of the online system for day to day administrative matters. Effective planning and utilization of existing manpower by identifying their skills. Time and energy of government employees both at administrative and micro level will be saved by the automated TIMS leading to optimum utilization of their services for the purpose of public.

## PUDUCHERRY

### **1) Shri Rajiv Gandhi Break Fast Scheme:** Breakfast Scheme is being implemented in Puducherry under which 100ml. hot-milk is being provided to each students from pre-primary to higher secondary level.

### **2) Students' special Bus Service Scheme:** Provision of transport facilities at concessional rate of Rs.1/- per trip per students.

## PUNJAB

- 1) **Raj Vidyak Bhalai Scheme**: Under this scheme scholarship is given to the students belonging to Scheduled Castes and Backward Classes from 6<sup>th</sup> class onwards. It is given to those SC & BC Students whose parents incomes are not more than Rs 50,000/- and 24,000/- p.a. respectively.
- 2) **Dr. Hargobind Khurana scholarship Scheme**: Scholarship Scheme for brilliant students at senior secondary level who secured more than 80% marks in class X in Government school.

## SIKKIM

- 1) **Chief Minister Merit Scholarship Scheme**: Under this scheme, the education of the meritorious students passing out of class V and being admitted in leading public schools of the country are fully sponsored upto degree level by the State Government.
- 2) **Prerna Scholarship**: Under this scheme meritorious girl students passing out of class VIII are awarded scholarship.

## TAMIL NADU

**Bread winner Scheme**: Through the Bread Winner Scheme Rs.50,000/-(or Rs.75,000/-) is deposited (as onetime benefit) in the “Power Finance Corporation” for the school going children who lost their parents in accidents. The student would get the matured amount with the accumulated interest on attaining 18 years of age. In the year 2015-2016, 310 students benefited under this scheme and Rs.1 Crore was deposited in the “Power Finance Corporation”.

## **Statement-VIII - B: Best Practices of 'Joyful Learning' followed in States**

### **Meena Prapancham" a Radio Programme - Andhra Pradesh**

Meena Prapancham is an innovative entertainment-Education Radio Program being implemented by State Government under Sarva Shiksha Abhiyan (SSA) with the technical support of UNICEF. This radio programme for class-VI, VII & VIII is being broadcasted from 11:45 AM to 12:00 noon on various themes such as Girls Education, Healthy Habits and Usage of Toilets etc. This programme was broadcasted through 7 AIR Stations to cover 13 districts in the State.

No. of beneficiaries/students

S. No.	Type of school	No.of Students benefited
1	Upper Primary	598012

The UNICEF has supplied Posters, Radio schedules and Teacher guide to all Upper Primary Schools and High Schools through Project Officers in the State.

### **Chhattisgarh initiative: Improving Early Grade Mathematics & English at Primary Level**

After the declaration of National Achievement Survey (NAS) class III results, Government of Chhattisgarh decided to improve the deteriorating conditions of Primary education and started focusing on Early Grade numeracy & literacy skills. For improving literacy skills it has started working with Room to Read and in order to improve Math skills it has also collaborated with Sampark Foundation. The programme has initiated to provide the Math and English kit to enhance the learning levels. Math kit contains a box with colorful materials like number line, play money, numbers, shapes, colors and many other Teaching Learning Materials (TLMs). English kit comes with a battery operated audio device to play the role of the teacher and to create exciting Teaching Learning Materials (TLMs) around the lesson so that teaching becomes interesting and effective.

### **Haryana: Saturday No Bag Day (Joyful Learning)**

The '**Joy of learning day**' is being introduced for encouraging students to develop their hobbies and pick up interest beyond academics. The teachers and school administrations involve the students in any kind of activities such as music, painting, cooking and sports. Saturdays are being devoted entirely for extra-curriculum and fun oriented learning activities in order to groom the creativity of the school children.

### **Karnataka: Nali Kali- Play and Learn**

Nali Kali is meant for children in multi-grade classrooms for learning to read, write and unleash their creativity in a joyful and exciting environment. In 2009-10, Nali Kali was introduced by Government of Karnataka in all government Kannada medium schools at class I & II.

The Nali Kali method of classroom transaction not only gives a greater autonomy to the teacher but also creates the right atmosphere for the child to learn in a friendly and joyful way. Learning takes place systematically in groups organized according to age wise competencies in an interactive manner. When children master the competency of one group, they move on to another group to learn the next competency. The teaching takes place through songs, games, surveys, storytelling, use of educational toys and improvised teaching-learning materials, all made by the teachers themselves.

### **Meghalaya: Jodo Gyan**

The state has collaborated with Jodo Gyan, an innovative method of teaching through storytelling and playing using maths kits as tools for a better, efficient and more effective teaching than the traditional method. The programme was initially implemented under CSR support on a pilot scale in 57 SSA schools, i.e. 29 schools in Ri-Bhoi District and 28 schools in West Khasi Hills District covering 57 teachers and 1353 children of Classes I & II. The outcome of this method was positive with students responding enthusiastically and showing visible signs of improvement in counting and writing numbers through introduction of hands-on activities and maths tool kits.

The degree of learning by the children has improved exponentially, as children are seen to be more comfortable and enthusiastic with play way method, games and activities compared to the usual lengthy explanation, which makes teacher's efforts futile. This new approach takes away the in-born fear of mathematics from children and they are able to learn with more meaning and purpose. More interactions are also seen among the students and **learning becomes truly a 'joyful learning'**.

### **Tamil Nadu: Activity Based Learning (ABL)**

The ABL has been designed essentially with a focus on classroom reform which **enables individualized, self-learning** in an **interesting and interactive manner**, and is based on the model of the NGO Rishi Valley Rural Education Centre, well known for their experiments with joyful learning programs and intensive teacher training. The ABL in the classroom has transformed to a facilitator of learning; teacher does not lecture to the class or direct the learning of the whole class in a uniform pattern. In ABL classrooms, the children sit together according to their learning levels, irrespective of their age-appropriate grade.

The ABL classroom has a wide variety of cards and materials which enable a structured learning process amongst children at different levels of competencies. Children learn to make independent decisions at a young age, from choosing their activity card for the day to marking their own attendance.

### **Uttar Pradesh: Aao Angrezi Seekhein' in KGVB**

The Sarva Shiksha Abhiyan (SSA), Uttar Pradesh and United Nations Children's Fund (UNICEF) have joined hands to start a unique project named '**Aao Angrezi Seekhein' (come let's learn English)**'. The first of its kind initiative aims at benefiting girls of underprivileged section of society.

The unique part of the initiative is that the All India Radio will broadcast the programme prepared by UNICEF. The 90 episodes of 15 minute capsule each is being aired since July end during school hours. Students, under the supervision of their teachers would listen to the broadcast in the classroom and learn to speak English through repeated practice.

Using radio broadcast over 73,000 girls studying in government-run Kasturba Gandhi Residential Schools are learning to speak fluent English akin to students of Convent schools.

**Appendix - I: Ranking of State/UTs based on their performances in supplying educational information**

Sl. No.	Name of the State/UTs	Date on which letter was issued by MHRD requesting to State/UTs to provide relevant information	Date on which first response received from States /UTs	No. of days taken by the State/UTs to respond (*)	Subsequent date on which State/UTs sent consistent information by rectifying data already provided to MHRD	Additional no. of days taken by the States/UTs to send consistent information (**)	Total No of days taken by States/UTs in furnishing complete & correct information	Ranking of States/ UTs on the basis of timeliness & quality in supplying information
